TO THE TRADE.

WE have much pleasure in placing a few advanced sheets of our Catalogue before you. No efforts have been spared to bring our productions up to date, and as our business is continually extending, and improvements being introduced, we intend issuing a more comprehensive Catalogue in the near future, when we shall have much pleasure in forwarding you a copy.

We beg to point out that all metal goods marked "STELLITE" are made in the above factory, the porcelain parts being manufactured at our own Hanley Potteries.

All goods are examined before being despatched.

In ordering it is only necessary to give quantity required and reference number. All previous lists cancelled.

Clients should endeavour to keep to standard patterns and sizes, and thus avoid delay and extra expense.

All Goods are sent carriage forward at "Owner's Risk." The goods being carefully packed, any claim for loss or damage should be made on the Railway Company or Carriers, as we do not entertain such claim.

Cases will be credited in full, if returned in good condition, carriage paid, within 14 days.

TERMS—Monthly Accounts $2\frac{1}{2}$ per cent. discount allowed, if paid on or before the 10th of month following delivery of goods, otherwise strictly nett.

The British Electric Works Co., Ltd.
